

# BRICK TOWNSHIP PUBLIC SCHOOLS

## STAFF TO STUDENT CELL PHONE & TEXT MESSAGING PARENTAL CONSENT FORM

For the purpose of quick communication, permission is required for the Brick Township Schools staff member listed on this form to use cell phone and text messaging as a communication tool for school information. Brick Township Schools staff members will only call or text important information related to the Brick Township Schools and/or student class work, athletics, and extra-curricular activities. The district's "acceptable use" policies would apply, as they do for computer and telephone use. Please be advised that cell phone calls and text communications between staff and students are NOT monitored, filtered, or otherwise approved by Brick Township Schools. Any inappropriate activity should immediately be reported to the Superintendent.

As would be the case with any cell phone calls or texting, standard rates for both would apply to any calls or texts sent by district employees and would be the responsibility of the students and families. If you or your student's phone and texting plans are limited in any way, consider carefully whether receiving additional calls and texts is appropriate for your student.
